

This term in English we are going to use the book 'The Dragon Machine' as our inspiration to write guides, lists and descriptions before writing our own fantasy stories.

This term in Maths, Year 2 will be looking at the topics of 'Fractions' and 'Time'. We will look at the real world uses of these topics and use our skills to solve problems as well as delve deeper into reasoning problems.

In RE this term our topic is Eastertide.
We will learn about the time after Jesus' resurrection leading up to his ascension before discussing the period of Pentecost. We will also consider other religious events that will occur during this term.

RSE this term moves on to being safe. We will discuss how to be safe online as well as talk about good and bad secrets and what to do if you feel uncomfortable about something.

Year 2s Science topic is Plants. We will look at the different features of plants and understand how they grow and survive. We will also undertake our own experiments that will include growing our own plants and recording our observations.

In History we are going to learn about important figures throughout time including: Rosa Parks, Mary Seacole, Florence Nightingale and many others.

Curriculum YEAR 2 SUMMER Newsletter

In computing, Year 2 will be creating their own media using stop motion techniques and understanding how this method works.

Phonics

In Phonics we will continue to develop the children's phonics skills where required. New spelling units will be delivered to those children who are ready for the next step.

There is no DT this term.

Art

In Art we will be investigating the medium of Clay. By designing our own tiles we will then hope to actually create them based on our initial design.

In Music we will learn a new song, recognise the pulse and rhythm of that song and then develop our improvisation skills.

Physical Education

In PE our sports coaches will continue to focus on different skills and start to develop them more through an assortment of individual and team games.
