

In English, we will write non-chronological reports inspired by Weslandia and alternative endings to Riddle of the Runes by Janina Ramirez.

In Maths, we will build upon last term's learning about fractions to learn about decimals. We will be able to represent tenths and hundredths as decimals and on place value charts and number lines.

This term's unit is 'The Early Christians'. We will learn about Jesus' Ascension and how the Church was founded. We will also learn about Pentecost and how the Holy Spirit helped to guide the first Christians. Specifically, we will learn about Peter, Saul, Stephen, Paul and Silas.

In RSE, we will learn about how to stay safe online with an emphasis on sharing information online. We will also learn about staying safe in our bodies.

Our Science unit this term is 'States of Matter'. We will learn how to identify solids, liquids and gases by recognising their properties. We will also learn about the water cycle and consider how this is affected by climate change.

In History, we will learn all about the Norman Conquest. This will involve learning about the Magna Carta and the life of Thomas Becket.

# Curriculum

Year 4 Summer 1

# Newsletter

## Spanish

In Spanish, we will learn all about Spanish festivals and other celebrations.

In Computing, we will develop our programming skills and technological thinking processes, as well as continuing our online safety lessons.

## Art

In Art, we will complete our painting unit. In this unit, we will focus on mixing tints and shades, creating three dimensional compositions and developing still life painting skills.

## Physical Education

In PE, we will develop our athletics skills, in preparation for Sports Day. We will develop our fitness levels and our agility in a fun and competitive way.

This term's Music lessons will teach us all about musical improvisation. We will consider how artists use improvisation and have a go ourselves.
